

## ERASMUS + ACTIVITIES- Learning outside

“bowling for words”

The project’s primary focus is the wellbeing of pupils in school and to raise their motivation for learning. It is a well-known fact that fresh air and exercise has positive effects on learning, and therefore, one of the main priorities of this project is to execute as many lessons outside as possible.

In order to do that, the 6<sup>th</sup> graders have ventures outside for their English lesson, where they have revised the new vocabulary through different games. In the meantime, they have also exercised quite a bit and tested their fine motor skills.

Searching for food nouns ...

Using chopsticks to hold a bean is very challenging.
