

PRESENTING THE ERASMUS + PROJECT TO THE PUBLIC AT THE ANNUAL CHRISTMAS FAIR

On Saturday, 9th December 2017, our school transformed itself into a winter wonderland for the annual Christmas fair. The parents and other guests enjoyed themselves in a school performance and the Christmas fair, where they could buy the things that the pupils made themselves. All of the contributions of that day went for the school fund.

As there are quite a lot of parents and other guests at the school on this day, we saw this as a wonderful opportunity to present our project to the public in a “sweeter” way. Therefore, the 6th grade pupils baked traditional British and Swedish pastries, which they then sold at the Erasmus + stand. At the same time, they informed the parents about the project and taught them a word or two in English and Swedish.

On this occasion we would like to thank the parents for all their contributions and at the same time kindly invite them to follow our project in the future as well.

Project coordinator: Lea Kofler
